

**2020-2021
LA ACADEMIA: PRE-PROFESSIONAL PROGRAM
(AGES 7-23)
AUDITION REQUIRED**

Ballet Hispanico's Pre-Professional division, La Academia, trains eclectic, versatile dancers who stand out in a competitive field of dance for their mastery of the classical ballet tradition, contemporary techniques, Spanish Dance, and performance skills. This program is designed to support students interested in attending performing arts schools, conservatory/university programs, and/or those pursuing a career in dance.

2020-2021 LA ACADEMIA: PRE-PROFESSIONAL PROGRAM PROGRAM INFORMATION

An accredited dance organization through the National Association of Schools of Dance (NASD), level requirements, required clock hours per academic year, and curriculum are carefully curated by the School Directors taking into consideration the artistic goals of the program and desired outcomes alongside health professionals' recommendations for elite training hours per age group, social-emotional developmental needs, and overall well-being of the student. Each year the program is evaluated based on these standards and updated to ensure leading, world class training of the time. Students are permitted to audition for the program starting at age 7 and are required to take their assigned level's full course load and required clock hours in order to participate in the program.

New students are assessed by the School Directors via in-person or video audition and placed in levels taking into consideration their ballet, Spanish Dance, and contemporary dance techniques/abilities demonstrated at the time of audition regardless of previous training at other institutions and any transcript the student may present. Student dedication, work ethic, age, social-emotional development, and physical health are determining factors.

Current students are assessed in these same areas throughout the year, with two written evaluations that are sent to the family mid-year and end of year. Completion of the course work does not guarantee level advancement. At the end of the school year, with input from faculty and staff as well as consideration of the student's two evaluations, the School Directors make final decisions in determining level placement for the subsequent year which is communicated to families via email after the year-end performance. The directors make these decisions dedicated to ensuring that every student is placed in the level that will be most beneficial for their individual progress, trajectory, needs, safety, and overall well being.

It is always recommended that students in La Academia take the designed full program, however high school and college-aged students that reach Level 5 in La Academia have the option of pursuing the full curriculum or one of three specialized tracks—ballet, Spanish Dance, or contemporary (or a combination of the aforementioned genres). The tracks' course loads and required clock hours are predetermined and are referred to as Bundles. High school students in Level 4A and Level 4B are also eligible to register for Bundle options but must request prior approval in writing to the School.

All students asking for permission to modify their level's predetermined schedule must present an academic or religious circumstance that is prohibiting the student from taking the full program. Students that train additionally outside of Ballet Hispánico at a performing arts academic school are also eligible for Bundles if Ballet Hispánico determines course requirements can be substituted with their outside studies.

Students will receive a written record of completion at the end of the program or pending course requirements needed to complete their level.

Families should reach out to School of Dance Artistic Associate, Joshua Winzeler at jwinzeler@ballethispanico.org, should they have additional questions or concerns regarding the program including auditions and the Bundle permissions process. Should a current student need support in confirming dance training hours to their academic school, students are able to request a letter from us which can confirm their schedule and study at Ballet Hispánico by reaching out to school@ballethispanico.org.

2020-2021 LA ACADEMIA: PRE-PROFESSIONAL PROGRAM CLASS DESCRIPTIONS

AFRO-CARIBBEAN

Through complex rhythms, vivid stories, and rich history, students develop dance fundamentals while exploring the artistry of Afro-Caribbean traditions. Drawing from modern, contemporary, and Afrocentric dance practices, this class develops core dance principles such as balance and coordination while introducing students to intricate rhythms and vibrant expressivity.

Afro-Caribbean prepares students for ongoing studies in a wide range of dance forms including modern, contemporary, and African-based styles.

BALLET

Students are introduced to a ballet curriculum that enables them to develop a holistic understanding and mastery of technical skills in a disciplined yet nurturing environment. Our ballet program emphasizes clarity of line, execution and precision, dynamic movement, musicality, and artistic expression. Our curriculum draws from the internationally renowned Cuban methodology, which emphasizes plasticity and virtuosity to create proficient and powerful dancers. La Academia upper level students, with an introduction in Level 3A, will also train in pointe work.

BOYS CLASS

Boys Class provides a creative outlet for beginner and intermediate level students to develop athleticism and express their artistry in an all boys class. This elective class focuses on conditioning, jumps, turns, flexibility, and creative expression. Ballet and contemporary techniques are introduced. It is great to take on its own or pair with other technique classes.

MODERN DANCE

Students will focus on the techniques and styles of modern dance masters José Limón, Martha Graham, and Katherine Dunham throughout their training in the La Academia program. Classes focus on developing core dance principles, such as balance and coordination, while exploring diverse movement concepts. The curriculum includes spinal articulation, floorwork, movement dynamics, use of weight, and complex rhythms, creating students adaptable to the contemporary dance landscape.

***POINTE & CLASSICAL VARIATIONS**

Students will learn various classical ballet variations and the history surrounding them while developing their pointe technique. This class is required for Level 4B & 5 La Academia students that have registered for the full program or Ballet Bundle and recommended for Level 4A La Academia students to further support their training.

***REPERTORY WORKSHOP**

Students will have the opportunity to learn and be coached in repertory as well as take master classes from artists in the field in a wide array of genres and styles such as contemporary, hip-hop, improvisation, step, acting, voice, musical theater, and more. Coupled with an emphasis on professional development, this course prepares students for their careers in the larger dance world ahead of them.

SPANISH DANCE

Spanish Dance forms have been the backbone of the School of Dance since its founding in the early 1970's. Our curriculum covers flamenco, Spanish folk dance, danza estilizada, and escuela bolera, studying the roots and history of the forms alongside the technique and artistry.

***SPECIALIZED STUDIES IN SPANISH DANCE**

Students will have the opportunity to deepen their studies in Spanish Dance. They will investigate specific elements of the art form under the guidance of guest master teachers. Areas of focus will include cante, palmas, flamenco structure, castanets, escuela bolera, Zarzuela repertory, mantón, abanico technique, and more.

***STRETCH & CONDITIONING**

Dancers will be guided through stretching and conditioning exercises that support a dancer's flexibility, strength, and overall fitness. Information about injury prevention and tools to maintain their physical readiness in support of their dance training will be taught throughout the course. This class is recommended for all Encuentros and La Academia students to further support their training.

*Indicates classes that will not perform at the recital.
